

# Jennifer Grayson, M.D., F.A.A.P.

**Medical Doctor, Owner  
Gulf Coast ABC Pediatrics, Inc.**

1024 Tommy Munro Dr., Suite A  
Biloxi, MS  
228.594.8000

**What is your business?** We are a full-service pediatric office with a close family-oriented environment. You are not just a number to us. We are familiar with your child's medical needs. As a solo practitioner, you will get the one-on-one quality care you deserve.

**What do you like best about what you do?** Being involved completely in the physical and social health of my babies from birth to college.

**What would you like our readers to know about your business?** We take time to listen. We address current issues that affect our patients. Therefore, we have an all natural quality weight

loss and nutritional program for the entire family. The current generation of children are predicted to be the first to have a shorter life expectancy than their parents, which is alarming.

**What are your strengths?** Finding ways to encourage my patients and promote a positive level of self-esteem while examining them. I also truly care for them as if they are family.

**What is one valuable lesson you learned along the way?** I learned to listen to my patients' families and their concerns. It can save lives and time in the long run.
